

# Higher Secondary School

## TO WHOM IT MAY CONCERN

This is to certify that Ms. [REDACTED] daughter of Mr. [REDACTED] [REDACTED], has been a student of this institute and has passed her Higher Secondary level examinations in Science stream in the year 2014. Her academic records show that she is one of the students with good performance. She is well behaved and her discipline, while remaining in this institution, is praise worthy. She is a student with full potentiality to progress and grow up. She is punctual and hard working. Because of these qualities, I believe that she can do much better in her future under the guidance of any educational institution.

I highly recommend her for admission in any educational institution and wish her a bright future. The instruction of medium was English during her study period. She was excellent in the English language.
