### **STATEMENT OF PURPOSE**

I am XXXX inhabitant of Biratnagar- 04, Morang Nepal Passport No.XXXX willing to pursue for the Masters in Professional Accounting (Advanced) Offered by XXXX, Australia. It is difficult to understate the Importance of Accounting in Companies and the business world as a whole. It is because of my recognition of the importance of accounting after gaining a real work life experience I have decided to seek further education and a career in this field. I am motivated to study in your Master's program in Professional Accounting by an awareness of the crucial role that accounting plays in an ever changing business environment and the need to upgrade my expertise and professional abilities.

I have completed my Master's degree in Business Administration (MBA) with HR Specialization. I chose this course with a belief that MBA will help me get an insight into the tricks and acumen necessary for competent handling of business and constituting it. My degree satisfied my objective and enhanced my knowledge in the field like Human Resource, Finance, Marketing, Economics and Management. Because I was under graduated in Science I had a very minimal knowledge on Management but with the elective management classes including economics, accounts, marketing, finance, HRM my confidence towards Management field has expand. With my extensive foundation in Management, I am convinced that I can cope up with the demands of your master's program. My academic experiences impressed upon me the importance of accounting in modern business world, my performance in the university steadily improved over my two years of study.

After successful completion of MBA degree and searching for a job, I got an Opportunity to work as an Admin Officer under HR/Admin Department in Civil Group Pvt. Ltd which is one of

the leading company in Housing & Finance Sector in Nepal. Civil Group Pvt. Ltd has already completed its 6 housing projects and currently working in 3 more housing projects. While working as an Admin Officer I am doing different kind of management and administrative works like:-Arranging and Conducting Meetings, Seminars, Assisting Executive chairman in his works like preparing presentation, fixing an appointment; preparing agendas, conducting meetings, preparing minutes are some of my major jobs. Although I was MBA degree holder I was working as an Officer with a little pay because of lack of experience. But I was working in direct supervision of Executive Chairman and I got lots of opportunity to learn and gain knowledge in the field of business. While working as an Admin Officer in Civil group Pvt. Ltd an attending more than 50 corporate meetings I got an opportunity to acquire different kind of skills and knowledge related to Construction Projects. In addition to this skills & Knowledge, I had experienced and got to know about the importance of Accounting in Business world.

I decided to study Master in Professional Accounting after completing MBA because of my growing interest in this field and its wider scope in my country. Market demand of Accounts professionals is leading in my country and also the pay scale of account professionals is very high in comparison to others. After successful completion of Professional Accounting I will be able to undertake and evaluate the conceptual basis of accounting and financial decision-making; understand, evaluate and apply the principles of current accounting practice; recognize and analyze the impact of the business environment and accounting theory and its application, including the regulatory requirements controlling the accounting process. The Accounting subjects which I will be studying in this program will furnish me with strong academic knowledge on field of Accounting. Once I complete the course and get my postgraduate degree I am sure that I will be able to reach my aim to work for my nation. After completion of my course I will come back to my country and mainly focus to work in governmental Organization or Multinational Company as a Professional Accountant.

Australia is one of the developed and peaceful country with the adult literacy rate and also technologically and industrially advanced country. Almost all the universities encourage and accept international students, promoting cultural interaction as well as exchanging ideas amongst diverse communities. Henceforth, studying in Australia is an Opportunity to encounter diversity of culture, thought, attitude, lifestyle and approach. Apart from being a great place to get quality

education, Australia is also a fantastic place to live. Australian people have a reputation of being amongst the friendliest in the world and the cities therein Australia are safe sound and clean. All of this will help broaden my skill and understanding of the world which will be a great asset to me after I return back to my country.

While searching for the best university, I have taken ideas from my friends who are already studying in Australia and after doing a small research through Internet I have found Torrens University as the perfect choice. After visiting website of Torrens, I was very impressed with the infrastructure; the range of courses and small class size offered tends me to believe that my aim and interest for further will be fulfilled in this university. A distinguished faculty along with adequate educational facilities contributes towards strong development. Moreover, Cultural interaction leads to impressive personality development of a student. I seek an environment with the significant factors, which attributes towards overall development. Due to these reasons, I have inclined to study in Australia especially in this university. I am aware of the kind of devotion and persistence I will need to have for achieving the best results in the field. I believe studying Master in Professional Accounting at Torrens is the right choice for me. Not only I will be able to acquire knowledge from one of the esteemed University of Australia, I will also be able to experience quality education.

Choosing an Accommodation is another major part that I need to consider with my study. Lots of my friend and relatives are residing in Australia who will be helping me to arrange the accommodation; my plan is to rent an Apartment for the comfortable living. For successful completion of my higher studies far away from my country, I will require an emotional and moral support. Since I am married I also want to bring my dependent with me to Australia. My husband name is XXXX and his passport No.is XXXX and we got married in Nov 27, 2014. I am aware of the fees that I have to pay for the course, the total program cost of MPA (advanced) is AUD \$ 41,125/-and Living cost of AUD 18,872 for me and additional AUD \$ 6,515 for dependent. Furthermore, I would like to state that my father will be funding for my course of study through bank loan. Nepal SBI Bank will facilitate me for the bank loan. My father is a businessman and his income is 35-40 lakhs per annum.
